Top quality furniture

ABOUT THE BRAND

Camfero is a well-established Company with 15 years experience in the polish furniture market.

Our belief is that the space around us should be personalised and our furniture brings that unique individual touch.

We manufacture metal furniture to our own designs and bespoke pieces upon request. Our entire range is hand crafted from start to finish by time honoured craftsmen. We produce high quality metal furniture combining it with natural wood, glass and fabrics to offer furniture for every room in your home and garden.

All our furniture is hand made from high quality materials to go beyond the expectations of our customers. We have exciting modern and traditional designs. Every piece of furniture is hand crafted using traditional techniques, making each piece truly unique and individual. Our attention to detail is continued through to checking and packing, only then is it ready for its new home.

We are sure that our furniture will mean as much to you as it does to us!
